

Turbocharger Clinic

Wed April 29th

6:30 - 8pm

Doors Open at 5:30pm - Food & Drink Provided

\$25 / Tech

Can be billed to your account

Garret Wiebe has 20 years in the Turbocharger industry and has designed this class to run aprx 1.5 hours with a focus on providing a comprehensive overview so that attendees leave with practical knowledge that they can apply directly in the field.

Drawing from hands-on experience in manufacturing and technical roles, Garret is able to offer Techs a deep understanding of how

products are constructed and function. Insights that go well beyond what an installation technician might typically encounter.

FEATURING GARRET WIEBE
